Hi Tom,

I made a few edits, ordered the list by CASRN, and changed the file name since it's no longer just the test method list. I think this should be ready for SRC.

Hi Tom,

The file seems to be missing the three below and **Ex. 5 Deliberative Process (DP)**

Dan,

Here is the revised/combined Excel file for SRC. If you could look this over and make any corrections I will then send it over to SRC. This file should incorporate all the PFAS for the lit searches that we need from both the Word and Excel files. I wasn't sure about the exact official method or shorthand notation (???) - so if you would add those if available that would be great.

Thanks,
Tom

Hi Tom,

Per our discussion, I have attached a revised Excel file for the test method PFAS. Three of these are on the list of PFAS that ORD is working on or have draft assessments completed so I highlighted these in red as well as PFOA and PFOS.
